

FOOD WEB COLOURING

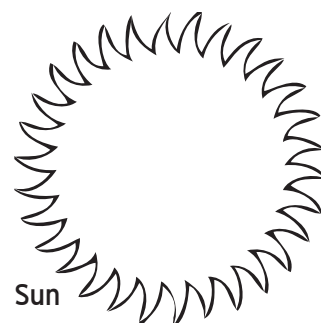

See if you can make a marine food web. Colour in and cut out the images below or draw lines to match predators to their prey! Don't forget, everything starts with the Sun!

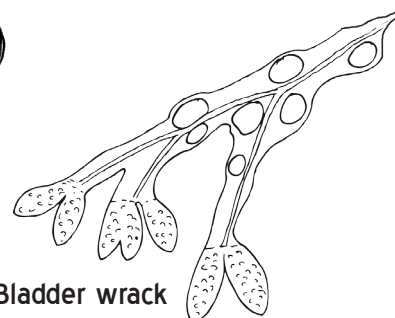

Phytoplankton

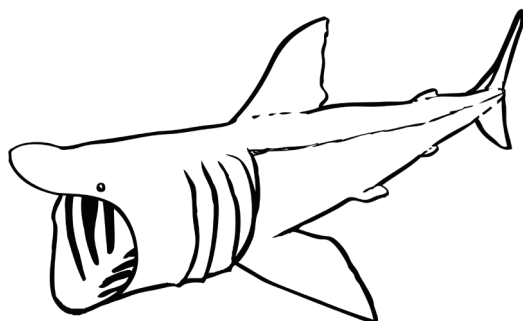

Mussels

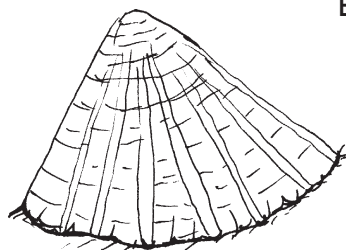

Sun

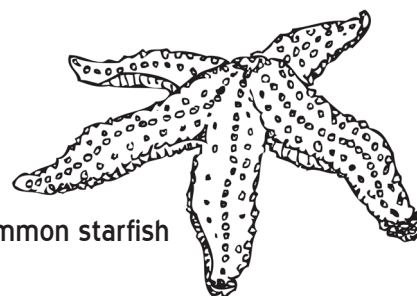

Bladder wrack

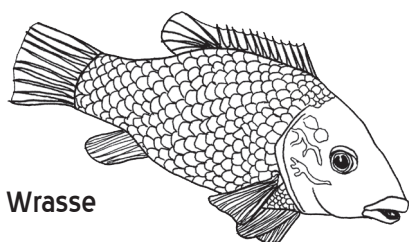

Basking shark

Limpet

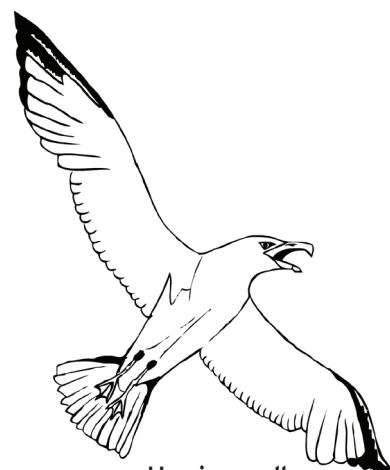

Common starfish

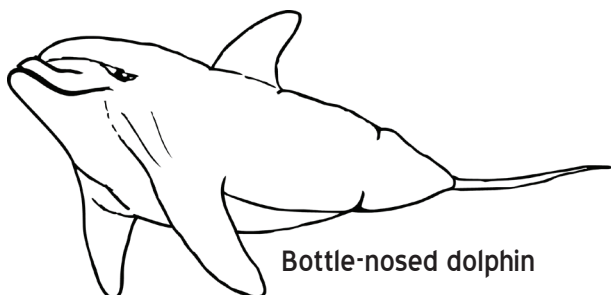

Wrasse

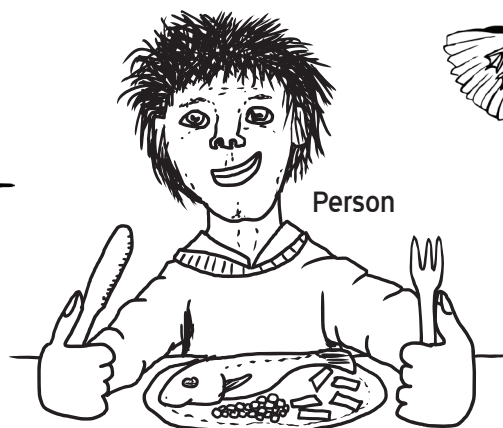

Edible crab

Herring gull

Bottle-nosed dolphin

Person

Extension activity: Stick the pictures onto card and connect with string or wool to coat hangers to create a food web mobile to hang from the ceiling.
